<b>I. Questions on standardisation procedures under the General Product Safety Directive</b>	
1. Would you favour the application of <i>international standards</i> (such as <i>ISO and/or IEC standards</i> ) whenever a risk or a product is not covered by a <i>European standard referenced in the OJEU</i> ?	Yes
2. Would you favour the application of <i>non-European standards</i> (other than <i>international standards</i> ) whenever a risk or a product is not covered by a <i>European standard referenced in the OJEU</i> ?	No
3. In your opinion, the safety of consumers throughout the EU would be better ensured if product specific safety requirements were laid down at the EU level and made directly applicable to <i>economic operators</i> , while leaving to standardisation the development of technical solutions to meet such requirements.	Agree
4. In your opinion, should the <i>general product safety legislation</i> grant <i>presumption of conformity</i> with an existing standard as an interim measure to address emerging risks while a permanent solution is being developed?	Yes
5. In your opinion, should the <i>general product</i>	Yes
