

BIOGRAPHY OF ALINA LOREDANA DUMBRAVĂ

My name is Alina Loredana Dumbravă and i am a Senior Lawyer in the Jercan, Gheorghe, Vlad & Associates Law firm. My practice focuses on complex civil litigation – especially personal injury and criminal cases.

I graduated from the Law School of Babeş-Bolyai University with the final thesis entitled The theory of imprevision (Théorie de l'imprévision) in the field of civil law under the guidance of Liviu Pop.

After i graduated, i was admitted in the Romanian Bar Association, in 2014.

In my first years as a lawyer along with my colleague we were representing a company of VIENNA INSURANCE GROUP.

Since 2020, i work at JERCAN, GHEORGHE, VLAD & ASSOCIATES law firm and i manage various cases with jurisdiction and applicable law in cases of accidents abroad, personal injury and liabilities incurred from road traffic accidents but also a few aviation incidents, which happened in Romania.

Because of my experience in the above mentioned areas i considered starting writing articles which will help other colleagues. The first one was published in july and was entitled Opinion on the jurisdiction of romanian courts in the case of accidents in the EU territory.
