Katherine is the Chair of the PEOPIIL Road Traffic Accident (RTA) and Whiplash EEG (European Exchange Group). Katherine is a Partner at Hugh James specializing in Travel Law. She acts for tourists who have become ill or are injured on package holidays, in road accidents abroad, on cruise liners and on aeroplanes.

Katherine also has experience in dealing with claims arising from aviation disasters and terrorist attacks.

She is a member of APIL (Association of Personal Injury Lawyers), the Travel and Tourism Lawyers Association, the Pan-European Organisation of Personal Injury Lawyers (PEOPIL), and the American Association for Justice (AAJ). She is the Chair of the PEOPIIL RTA European Exchange Group and is an APIL accredited accidents and illnesses abroad specialist. She is also on the Board of Governors of AAJ.

The RTA and Whiplash EEG holds an annual conference looking at a wide variety of issues relevant to road traffic accident claims including liability issues, medical causation and the quantification of cross border claims. The conference provides the perfect opportunity to network with other lawyers doing similar work and will hopefully assist in the referral of cross border RTA claims between members.
