

MESSAGE FROM THE PRESIDENT - PEOPIL MEMBERSHIP CONTINUES TO GROW

We are delighted to confirm that PEOPIL now has over 545 members with numbers continuing to grow which confirms that our aims and objectives meet with the approval of so many personal injury lawyers.

One of our many objectives is the referral of cases between members to help victims to retain lawyers with experience in handling cross border litigation cases.

We continue to provide contact names and addresses to members requiring instant help with case referrals. This is therefore an excellent opportunity to expand your international network.

As part of our ongoing membership services, we have organised many conferences this year dealing with a wide range of legal issues to include class actions. Furthermore, significant attention has been devoted to networking events. These have proven to be very successful in not only providing valuable information on these cases to our members but also providing a platform for our members to remain connected.

We are committed to publishing newsletters, articles and case studies on Personal Injury law from across the EU and we welcome contributions from all our members.

There are many benefits to being a PEOPIL member which include not only helping members secure case referrals from law offices all over the world but also giving a platform for networking and sharing information on a wide range of personal injury cases.

There is also an opportunity to participate in the conferences as a speaker or panel member on topics that are close to your heart or relevant to your daily practice.

Members can also join any of our established Special Interest Groups where members exchange information and work together on Maritime, Aviation, Road Traffic and Whiplash, Product Liability, Mass Tort, Medical Negligence, Insurance Law and Tourism & Sports cases.

In addition, new members are immediately listed on the PEOPIL website together with a photo which can enhance the members profile in their country.
